

**Rome, 30-10-2004**

Dear Sir/Madam,

We would like to thank you for your participation to the **International Workshop on Galileo Time: Modelling and Characterization of Atomic Clocks**.

We take this opportunity to inform you that since Monday, October the 11<sup>th</sup>, a full review of this workshop has been provided in the official website of the IWGT ([www.galileotime.org](http://www.galileotime.org)): all the presentations offered in this 2-days event could be found in their final version, and downloaded. A Gallery Section, containing all the pictures and the videos of the talks, could be accessed within few days.

In addition, we have realized, inside the web site, a forum area, allowing the follow-on of the workshop, and the exchange of ideas, even with people who didn't attend the workshop.

We believe that IWGT provided a real fruitful contribution to the discussion about the topics subject of the Galileo Project, both from the scientific and the institutional point of view.

We are proud that the scientific level of the meeting has been recognized to be of high value, while the speakers coming from the world of institutions provided remarkable contributions for the success of this event. Among the others, we would like to remind the introduction of Mr. Enzo Ghigo, President of Region Piedmont; the talks of Mr. Sergio Vetrella, President of the Italian Space Agency, of Prof. Alfredo Roma, President of Coordinamento Nazionale sul Programma Galileo and of Mr. Giuseppe Viriglio, Director of EU and Industrial Programmes for ESA; the contribution of Prof. Rocco Buttiglione, Italian Minister for European Policy.

Our major thanks are for all the speakers: it hasn't been easy for everyone to work out a talk for an inhomogeneous auditorium inside a workshop in which, beginning from a very highly specialized topic, have been discussed the system architecture impacts and the related development strategies.

For any further request or communication, please don't hesitate to contact the Organizing Committee to the official email address: [secretariat@galileotime.org](mailto:secretariat@galileotime.org).

Best regards and every wishes for your future work

Walter Pecorella  
General Chair
